

POSITION ANNOUNCEMENT

Title: Crew Leader, Forest Preserve Experience Program

Reports to: Program Manager and Program Coordinator

Open until filled | Start Date: June 17

Salary: \$23.00 per hour

40-50 hours paid training, June 17, 18, 20, 21 & June 24- June 27

8am - 3pm

30 hours per week, July 1 thru August 2

July 4-5 off, unpaid

8:00 am to 1:00 pm, Monday-Friday

Organization:

Mission: We unite people to protect, promote, and care for the forest preserves in Cook County.

Our community advocates for the responsible management of the nearly 70,000 acres of forest preserves in Cook County through advocacy, engagement, and stewardship of the land. Some of the best natural areas in Illinois are right here in Cook County, right outside your urban backdoor. Join our team and help us ensure they are here for the next 100 years.

Friends is an organization that gets things done with our members, volunteers, staff, board, and partners. We believe in work-life balance and are here for the marathon, not the sprint (not that we don't sprint on a regular basis).

Operating Budget: \$3,200,000

Summary: Friends of the Forest Preserves seeks Crew Leaders to be part of the Forest Preserve Experience (FPE) leadership team. FPE is a five-week summer program for teens, focused on job skill development, restoration training and work, environmental education, and exposure to the forest preserves and jobs in conservation. For many participants, this program serves as a first job, so Crew Leaders excel in relating to and guiding youth through the program. Successful candidates have strong communication skills, experience leading high school aged students, and a passion for environmental conservation.

Responsibilities:

- Co-supervise, motivate, coordinate, and mentor 12 high school youth (ages 14-19) employed in the FPE program
- Plan and lead a variety of hands-on ecological conservation and restoration projects (such as invasive species removal and litter pick-up) in forest preserves in Cook County
- Lead educational activities as well as team building exercises and games
- Demonstrate safe tool usage and ensure safety procedures are followed
- Teach basic invasive plant identification to crew members
- Evaluate and document crew attendance, work activities, and performance

board of directors
